

Lake Erie Bible Church Automatic Notification Instructions

In an effort to provide streamlined notifications of class cancelations or other important information we created a Twitter Account "LakeErieBible" (We were unable to select our full name due to size limitations by Twitter.) The Twitter feed is also linked to our Church Website (www.lakeeriebiblechurch.org). You do NOT need to have a Twitter Account to receive the notifications.

You can sign up to receive "tweets" / notifications by doing any one of the following:

1. Go to www.twitter.com and follow "LakeErieBible", or
2. Download the Twitter App on your Apple or Android device and follow "LakeErieBible", or
3. Text a message with your cell phone to 40404: "Follow LakeErieBible" (Leave out the quotes.) You will get a confirmation text back with the most recent Tweet from LakeErieBible church. After that you will receive all future Tweets until you stop it by sending "Off @LakeErieBible" (Leave out the quotes). Although most cell phone accounts have "FREE" text messaging, Text by Twitter will count to your monthly limit depending on how your account is set up. The church does not intend on sending non-essential tweets.
